

**New Contractor Kits** – Contractors love the labor saving value the SmartGuard provides, but several have said it would be great if they could get everything they need for a job under one catalog number to order and stock. So, we are pleased to announce the introduction of two new contractor kits – the SGCK1 & the SGRK1. The contractor kits offer the simplicity and efficiency of one catalog number ordering and receipt *and* offers material savings. By ordering the contractor kit the distributor can **save 15% off** the price of the individual components. Improved convenience, simplified stocking and **less expensive!**

**The SGCK1**  
**(SmartGuard Commercial Kit)**  
 can be ordered as one catalog number and is shipped as one box containing:

<b>SGCK1 - SmartGuard Commercial Kit Consists of</b>		<b>Qty</b>
